Photography Competition

A photo contest gives you direction. Whether that means you photograph less, or when you do photograph there's not too much cohesion to it depends on you as a photographer. Even those with clear ideas about their photography benefit from a clear direction to head in, and a photo contest is one great way to achieve this. The competition was held on 08.06/202.

Reels making Competition

In this digital age, Reels have emerged as one of the most appealing medium for the youth to showcase their creativity on social media. The aim of organising the competition on 08.06/202 was to provide a platform to students to explore their creative side.

Group Discussion Competition: GD improves ones thinking, listening and speaking skills. It also promotes ones confidence level. It is an effective tool in problem solving, decision making and personality assessment. GD skills may ensure academic success, popularity and good admission or job offer. Hence it was organized on 12th June, 2023, where apart from selection round of GD,

an eight member final team from each of the 8 divisions of F. Y. B.Tech took part in it and gained confidence building interpersonal skills, leadership qualities and all other soft skills.
