

Guest Lecture on Personality Development

FESA organized a Guest Lecture by **Mr. George Joseph, Soft Skills Trainer**, on the subject '**Personality Development**' for First Year B.Tech. on Monday, 21st **June 2022** in the classroom no.307.

The presentation and lecture delivered by the Guest was very effective, interesting, encouraging and well in tune with the need and importance of Personality Development. He emphasized the need of being focused in setting priorities and nurturing positive attitude in whatever we do for becoming a happy, cheerful & transformed personality. In his talk he gave many examples to justify his statements and with the help of stories & illustrations convinced the audience that we should not be over ambitious or aspire, that which is not necessary in life. It only creates unhappiness. It was coordinated by Dr. D. N. Mane, F.Y. B.Tech, Chief Coordinator, Dr. A. V. Patil, Dr. Marku Monis and Mr. V. V. Tasgonkar.
