Therefore, it is essential to reconstitute the IQAC with new members.

The governing body of the institute has appointed the above members to the IQAC and has requested their active involvement in achieving the objectives of the IQAC.

All appointed members are encouraged to actively contribute to the development of the institute's system. their contributions should aim at ensuring conscious, consistent and catalytic improvements in the overall performance of the institute. Members are also encouraged to promote various academic activities that align with the institute's quality enhancement goals and are in line with the institute's quality policy.
